# New elevator at Christie Station

# Christie Station

## Progress

- Underground utility relocation work has been completed on Barton Ave and Pendrith Ln on the north side of Christie Pits as well as on Erlichman Ln adjacent to Christie Station.

## Next steps

- Heavy construction is underway to build elevator shafts, this includes caisson drilling and excavation. Once drilling is complete on the north side of Christie Station, drilling will move to the south side of Christie Station.

*Drill rig and cement truck on the north side of Christie Station, looking north from Erlichman Ln.*

# Questions or comments?

Connect with the community liaison for this project for any questions or comments, or to be added to the project mailing list:

Nick Chan, Senior Community Liaison, 416 931 6754, [Nick.Chan@ttc.ca](mailto:Nick.Chan@ttc.ca)

The station is scheduled to be accessible by Q4 2024\*.
