

COMMUNITY MEETING

Emergency Exit Buildings on McCowan Road

Presentation of Design and Landscaping Concepts and Construction Staging

You are invited to a Community Meeting to learn more about the future two emergency exit buildings being built on McCowan Road, for the Scarborough Subway Extension.

The Scarborough Subway Extension project is a 6.2 km extension of Line 2 from Kennedy Station to Scarborough Centre, via Eglinton Avenue, Danforth Road and McCowan Road. The extension will create a seamless journey for customers by eliminating the transfer at Kennedy Station. The Line 2 extension was approved by Toronto Council in 2013 and will replace the aging Line 3 Scarborough RT line.

Date: Thursday, November 22, 2018
Time: 6:30 pm - 8:30 pm
Venue: Scarborough Civic Centre, Committee Room #1
Parking: On street parking is available for free on Borough Drive after 6 p.m.

You will also:

- learn what an emergency exit building is and the future two locations at Meldazy Drive and Hurley Crescent on the west side of McCowan Road,
- learn about TTC's plans to manage construction impacts and the TTC's Community Liaison program,
- review designs of what the emergency exit buildings and landscaping may look like and provide comments, and
- ask questions and provide your input to TTC and City staff.

TTC Community Meetings are family-friendly and barrier free. Please contact Chris Joseph if you require translation services or accessibility accommodations at this meeting.
