Agenda item: January 18, 2017

Recommendation

That TTC bus service continue on Brimley Road south of Kingston Road to reach Bluffers Park to provide visitors public transit service to access the park.

Summary

Currently the TTC bus on Brimley Road concludes at Kingston Road leaving visitors to Bluffers Park with the task of walking a very lengthy way to reach the park, often times carrying their necessities for a day long visit.

With the operating conditions enhanced within the park; the grade is no longer as steep as it used to be and the resilience of the current TTC buses are better equipped to travel into the area. With the increased use of our public parks and the City's initiative to encourage public transit to relieve congestion it would be valuable to offer our residents the bus service.

TTC bus service will also minimize the volume of cars entering the area for a safer and environmentally better way to access the beautiful park and beach located at Bluffers Park.

Sincerely,

Councillor Paul Ainslie
