Decision: New Business: Eglinton Crosstown Operation Agreements and Associated Costs

At its meeting on June 15, 2017, the Board approved the following member motion:

1. That staff report back to a meeting of the Commission, no later than September 2017 on the estimated operating costs of Line 5, broken out its its respective categories; and
2. That the report provide a status update on discussions held with Metrolinx on the division of responsibilities related to those areas of cost that the TTC is being asked to assume.
