

NEW BUSINESS

April 28th, 2017

Councillor Josh Colle,
Chair, Toronto Transit Commission
100 Queen St. West.
Toronto, ON, M5H 2N2

Dear Chair Colle and Commissioners,

Re: Eglinton Crosstown Operation Agreements and Associated Costs

The Eglinton Crosstown Line is currently under construction by Metrolinx. While it is known that the capital costs will not be assumed by the City of Toronto nor the TTC, the operating costs associated with this project are less than clear.

As we move forward, the TTC will need to know the obligations that it will be assuming along with the associated costs.

Therefore, I would like to request that staff report back to a meeting of the Commission, no later than September 2017 on the estimated operating costs of Line 5, broken out into its respective categories, and that the report provide a status update on discussions held with Metrolinx on the division of responsibilities relating to those areas of cost that the TTC is being asked to assume.

Sincerely,

Deputy Mayor Denzil Minnan-Wong
Councillor, Ward 34
City of Toronto
