Commissioner Joanne De Laurentiis

Recommendation

Whereas the TTC Board and the Metrolinx Board of Directors have held one Joint Board meeting in this term of City Council on April 27, 2016; and

Whereas the TTC Board has been unsuccessful in its attempts to hold further joint meetings with the Metrolinx Board in the subsequent two years; and

Whereas the TTC Board believes further dialogue at the Board level with Metrolinx is in the interests of the residents of the City of Toronto and the Greater Toronto Area; and

Whereas the Province of Ontario elected a new government;

Therefore, be it resolved that:

1. The TTC Board request Toronto City Council to make representations to the new Provincial Government to increase coordination in transit planning in the Greater Toronto Area and enact any legislative amendments that may be required in order to provide for the appointment of a TTC Board member on the Metrolinx Board of Directors; and
2. The TTC Board requests Toronto City Council to amend Chapter 279 of the Municipal Code relating to the composition of the TTC Board to permit the appointment of a representative from the Metrolinx Board of Directors to the TTC Board; and
3. That a copy of this motion be forwarded to Metrolinx for information.
